**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

No to US Telecom petition.

I believe in the American way of free market competition. This brings out the best in American companies. I had been with at&t and was disgusted with the price hikes and lack of improvement in service to account for it. That is why I switched to a competitive provider..

We want to keep America competitive, and give ourselves the edge with information. We want to keep the cost of internet and phone services within the reach of the most number of people. No price hikes for broadband. I depend on broadband on a daily basis to be connected to business, family and friends.

Please listen to the people's voices.
